FORCE EXTRADITION.

A Bill Introduced in Congress to Cover Taylor's Case.

INVOLVE ALL STATES

The Measure Forces the Governor of a State to Recognize Extradition and if He Refuses the Government Officials to Act.

Washington, Dec. 13.—Representative Robinson of Indiana has introduced two measures to secure the extradition of ex-Governor Taylor of Kentucky from Indiana to Kentucky, where he is wanted in connection with the Goebel tragedy.

One of the measures is for the investigation as to whether the governor of any state is justified in refusing to recognize extradition papers from the governor of another state.

The other provides that in the case the governor refuses to recognize extradition papers they may be executed by the United States marshal.

After some routine business the house agreed to the special order for considering of the Philippine tariff bill and adjourned until Tuesday.

The house committee on interstate and foreign commerce at its first meeting voted to favorably report the Hepburn bill, providing for the construction of the Nicaragua canal.

The house ways and means committee ordered the Philippine tariff bill reported.

Terrible Blizzard Raging.

Rock Springs, Wyo., Dec. 13.—A report from the Red Desert sheep range says that Charles Barnes, a herder, was frozen to death in the blizzard that has raged for the past day or two. Barnes was from Garden City, Kan. The blizzard has scattered herds in small bunches all over the country, and it is feared the loss will be great. A Mexican herder, name not learned, is reported frozen.

Trains Are Delayed.

Cheyenne, Wyo., Dec. 13.—The blizzard raging throughout southern Wyoming is terrific. Everything is delayed from three to five hours and a blockade is imminent. Great distress is reported by sheepmen of the Red Desert section and in the southern Utah country on the desert the losses will be large, unless a break occurs in the blizzard.

At Frewen, sheep train of the animals hurried through the snow.

Fresh Malaga grapes, of the California pears and Florida oranges at Howell Bros.

Miss Edith Coburn Noyes of the ton, one of the faculty of the Emerson College of Oratory, will present the old English comedy "She Stoops to Conquer."

We have just received fresh shipment Huylers candies for the holiday trade. N. M. McDougald.

M. H. James has a select and beautiful line of holiday goods from which it will be easy for you to select a gift for friend or relative, at a moderate cost.

The two varioloid patients at the A. and M. college are doing splendidly. Neither of them is sick or bed and one is getting well. They are under the care of a trained nurse and thoroughly isolated, so fear is entertained of a spread disease.

We can please you in selection in a Christmas. We don't offer, you see, we keep the best. W. Drug Co.

Leavenworth, Kan. Alpatrick received a sentence of 15 years imprisonment at Jefferson City, Mo.

Mysteriously Killed.

San Francisco, Dec. 13.—Adolph Oppenheimer, who was one of the principal witnesses against Theodore Durrant, hanged for the murder of Blanche Damont, was mysteriously shot and killed here in his shooting gallery. Robbery was the motive, a box containing \$7.50 having been taken from the place. No clue to the assassin.

CONSUMPTIVE HELD.

Passenger on a Steamer Not Allowed to Land Except With a Provision.

Galveston, Dec. 13.—The first case wherein an inbound passenger was detained on account of tuberculosis to happen at Galveston, and the second at the borders of the United States, was that of Paul H. Edwards. Mr. Edwards was a passenger on the steamer Barnard Hall, which arrived a few days ago, and was duly inspected by the customs authorities. It was found that he was afflicted with tuberculosis, and the examination of the marine hospital surgeon confirmed this. Mr. Edwards was bound for Amarillo for the benefit of his health, but he was held at Galveston until his case could be passed upon by the treasury department. The decision of that department was that he should be permitted to proceed to Amarillo with the understanding that he might be recalled within a year and deported. Mr. Edwards is connected with the cotton firm of George McFadden & Bro. It is only recently that tuberculosis has been put in the list of infectious diseases against which the United States has regulations and laws. The first case wherein a passenger was detained was at New York recently, and the second happens to be at Galveston.

Gas Indications Strong.

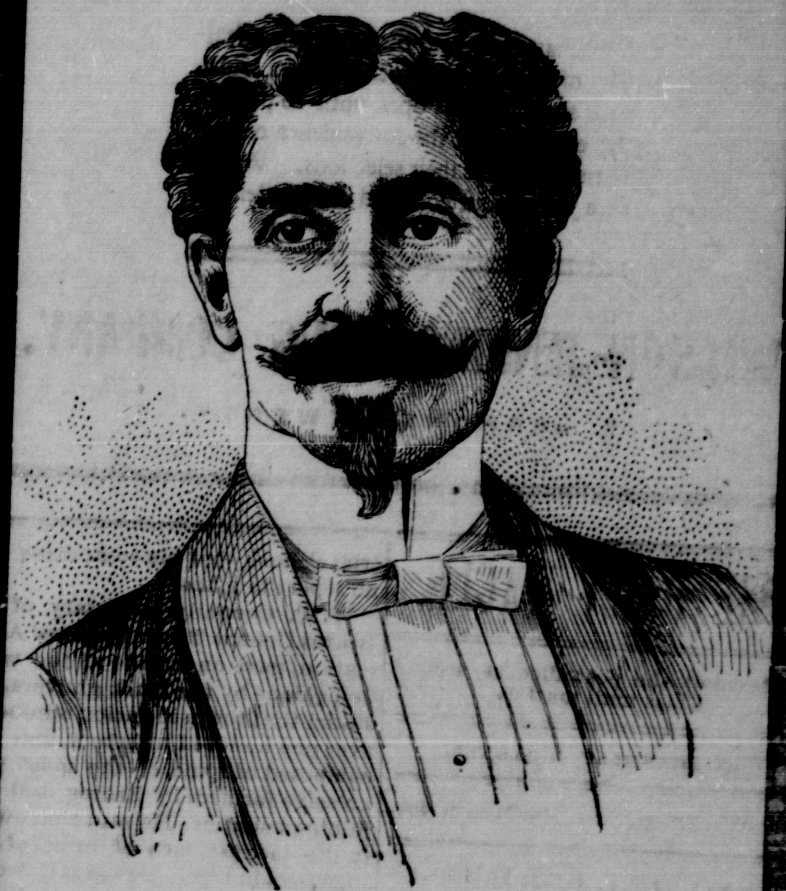

Clarksville, Tex., Dec. 13.—The work of testing the water supply in the deep well on the square was begun Wednesday, and the pump was put in operation for seventeen consecutive hours, lifting fifteen gallons of water per minute, and it did not succeed in lowering the water, which rises to within twenty feet of the surface. The well is 800 feet deep. The water is very salty. The gas indications are very strong, and an eighth of an inch pipe inserted in the air chamber of the pump was filled with gas, which was lighted and spouted a flame from twelve to eighteen inches high, which burned steadily without diminution throughout the entire night. Much interest is manifested over the discovery, but it is impossible to ascertain the extent of the supply so far.

Catholic Federation Officers.

Cincinnati, Dec. 13.—The American Federation of Catholic societies, after a session of three days here adjourned to meet in Chicago July 15, 1902. Officers elected are as follows: President, T. B. Minehan of Columbus, O.; presidents, Lewis J. Kaufman of New York, T. H. Cannon of Chicago, Daniel Duffey of Pottsville, Pa.; do, Anthony Matre of Cincinnati, treasurer, Henry J. Freis, and Christopher O'Brien of Marshall.

Trace of Assassin.

Passaic, Dec. 13.—The mystery it made upon Mrs. Adams, the fashionable dress maker, is still baffling. The clew has been called in a higher

and federal quarantine lines. Other arrests will follow. The board refuses to give the name of the men arrested.

Out of Politics.

Guthrie, O. T., Dec. 13.—Governor Thomas Ferguson has announced that he will be out of politics as long as he is governor and that he will not participate in the division of the territorial patronage. He prefers to give all his time to the administration of his office.

Noted Creek Indian Dead.

Denison, Tex., Dec. 13.—Duck Wolf, the Creek Indian who died Monday near Eufaula, was one of the signers of the last Creek treaty with the government in 1846, and was in his younger days a power with the Creek people.

Bonnie Murder Trial.

Washington, Dec. 13.—The arguments in the trial of Mrs. Lola Ida Bonine, charged with killing the young census clerk, Ayres, are about completed.

MEETING OF BUSINESS LEAGUE.

Committee Appointed on Free Baptist College and Proposed Cannery. Other Important Business.

The regular December meeting of the Bryan Business League was called to order by President W. E. Saunders promptly at 7:30 Tuesday night, December 10, and proved to be the largest and most representative gathering the league has ever had. The minutes of the last meeting were read and approved.

J. F. Mitchell made a report on behalf of the telephone committee, that connection could be had with Mumford for \$375. Mr. Mitchell and W. Wipprecht were appointed a committee to lay the matter before the merchants to see if they desired to push the matter any further.

Rev. A. M. Stewart, president-elect of the Free Baptist College, was present and made a statement in regard to the location of his school. He said that he was not in a position to state what bonus would induce the location of the school, but that the proper mode of procedure would be for Bryan to make a proposition to the locating board. There are four other applicants for the school, but Mr. Stewart stated that he believed Bryan's chances were exceptionally good, and he thought that if the proper effort was put forth sufficient inducement could be offered to locate the school in our midst. It will be the only Free Baptist College in the whole Southwest, embracing some half a dozen states and territories, and, while the beginning will be small in point of attendance, still every indication points to a rapid growth and development of the institution. It was the sense of those present that an effort should be made to secure this prize for Bryan, and upon motion a committee composed of J. L. Fountain, A. W. D. W. H. Lawrence was appointed to investigate the matter and report back to the league.

trial School, that his committee had no report to make.

W. P. Connelly, secretary of the Brazos County Truck Growers' Association, gave an outline of the work being done by the truck growers. He stated that the association numbered over one hundred members, and was composed of some of the most progressive farmers in Brazos and adjoining counties. He said that owing to the inexperience of most of the members in truck growing, it would be advisable to circulate some literature applicable to the subject in hand, and that to procure this literature require expenses for a little traveling, printing, etc. Upon motion, Mr. Connelly was authorized to draw upon the treasurer of the Business League for any amount not to exceed \$50 to defray the expense of this work.

A discussion in regard to the advisability of establishing a cannery at Bryan was entered into and several strong talks made in favor of same. A committee consisting of W. P. Connelly, Ed Hall and H. A. Burger was appointed to correspond with different factories with a view to ascertaining the cost of canning plants, and the committee was further instructed to wait upon the citizens of Bryan and solicit stock for the establishment of a cannery in this city.

H. A. Burger reported that he had gone before the city council representing the league and requested of them a rigid enforcement of the existing stock law, and also that hitching racks be placed on the plaza east of the Central railroad. Both requests were granted by the council. Ed Hall reported that no satisfactory settlement of the controversy in regard to switching cars had been reached. At Mr. Hall's request, the committee was discharged.

Upon motion a committee consisting of W. R. Cavitt, J. L. Fountain and F. M. Law, Jr., was appointed to draft and present suitable resolutions upon the death of Col. L. L. Foster, late president of the A. & M. College.

Motion was made and unanimously carried that the league accept the invitation of the Civic Association to come to the city for the annual meeting.

Another motion was made and carried that the league should have the right to throw in their own gate.

The usual budget of bills was read by the secretary and ordered paid. There being no further business, the league adjourned.

Col. L. L. Foster, President of the Agricultural and Mechanical College since June, 1898, having been called by the touch of death to a higher existence, therefore be it

Resolved, That the College and state have suffered an irreparable loss, inasmuch as he lent the full power of his earnest nature to the development of college work, and was an ardent advocate of industrial education.

Distinguished state, he brought Northern Security to the state. It was denied that he was a broken man.

SENATE WILL RATIFY

Agrees as to Time to Vote on the
Canal Treaty.

WILL BE ON MONDAY

While Sections of the Treaty Were
Criticised Sharply, the Opponents
Say They Will Vote for Rat-
ification at the End.

Washington, Dec. 13.—The senate
Thursday agreed to meet at 11 a. m.
Monday and to take a vote before ad-
journment on the new Hay-Pauncefote
treaty for the abrogation of the Cleve-
land-Bulwer treaty and opening the
way for the construction of a canal
across the Isthmus of Panama by the
United States. This agreement was
reached after four hours of debate.
There will be more speeches.

The principal speakers Thursday be-
sides Senator Spooner were Senator
Money and Senator Foraker. Mr.
Money, while finding much in the
treaty to criticize, said that as he
found the fortunes of the proposed
canal across the isthmus, so inextrica-
bly intertwined with the treaty that
he could not see his way, clear to do
anything more that would prevent or
even delay ratification. Several sec-
tions were discussed at length, but
there are not deemed of sufficient im-
portance to cause a stumbling block.

In the senate Thursday, Mr. Allison
from the committee on appropriations
favorably reported the concurrent res-
olution adopted by the house provid-
ing for a holiday recess from Decem-
ber 9 to January 6, 1902. And it was
agreed to.

Mr. Hoar's resolution, directing the
committee on printing to consider the
expediency of providing for the free
distribution of the Congressional Re-
cord to libraries throughout the coun-
try was passed.

Mr. Mason of the committee on man-
ufacturers submitted a favorable re-
port on a bill relating to the adulter-
ation of food products and addressed
the senate briefly on the subject.

At 4:40 p. m. the senate adjourned
until Monday.

To Enjoin Secretary Gage.

Washington, Dec. 13.—A petition to
enjoin Secretary Gage from disbursing
\$2,000,000 now in the treasury author-
ized by congress for the purchase of
Kiowa, Comanche and Apache Indian
lands, has been filed in the district su-
preme court by Delos K. Lone Wolf, the
chief of the Kiowas, and others of the
tribes.

No Places for Them.

Washington, Dec. 13.—The Demo-
cratic leaders of the senate have noti-
fied the Republicans that the minority
does not feel called upon to provide
committee places for either senator
McLaurin or Wellington. It is under-
stood that the Republican members of
the committee will assign those mem-
bers to committee places.

Schley Inquiry Decision.

Washington, Dec. 13.—The Schley
court of inquiry is nearing the end of
its labors, and while it is impossible
to secure a statement as to when the
report will be submitted, it is believed
that it cannot be delayed beyond Mon-
day. Although Secretary Long said that
authority, Secretary Schley, in this case,
he will not submit the public
The report will be submitted with-
out delay.

CHINESE TRADE.

Says the Exclusion Act Will
Injure It in the East.
Work, Dec. 13.—A movement is
taking place among the export and im-
port houses engaged in trade with
China to secure more liberal treatment
for Chinese merchants and others vis-
iting this country, under the new Chi-
nese immigration law. Silas D. Webb,
president of the China and Japan
Trading company, who has resided in
Shanghai for over 15 years, and who
is thoroughly familiar with the condi-
tions affecting the development of
American trade with the far east in an
interview said:

"The humiliating restrictions which
the Chinese exclusion act has placed
on the entry of Chinese merchants,
travelers and students into this coun-
try seem likely to undo all the advan-
tage we had gained through the friend-
ly attitude of our government during
the recent negotiations between the
powers and China. But for the re-
opening of the Chinese markets and
the resumption of the ordinary cur-
rents of trade at the beginning of this
year, we should have had a very seri-
ous state of things in the great cotton
industry of the United States. Half
the cotton mills of the south are abso-
lutely dependent upon the Chinese con-
sumer for the sale of their output of
cloth, and in default of orders from
China, nothing could prevent a de-
structive competition between New
England and the south for possession
of the home market. It will not be long
before our great iron and steel indus-
tries have as well defined an interest
in the Chinese market as the cotton
textile industry already possesses and
care should be taken not to prejudice
our Chinese customers against us."

IMPROVED TANDEM KITE.

Colonel Eddy Has One Which Will In-
crease the Distance.

New York, Dec. 13.—William A.
Eddy, who has just arrived in Bayonne,
N. J., from Noank, Conn., has written
to Mr. Marconi, inclosing diagrams of
an improved tandem kite system for
reaching a height of 3000 feet with
Major Baden-Powell's system of kites.
He thinks that system will enable Mar-
coni to send messages at least 1000
miles, because every increase in height
has so far enormously increased the
range of wireless telegrams.

Should the receiving vessel 2000
miles out at sea also send up a receiv-
ing wire by means of kite storm flyers
to a height of 3000 feet, Mr. Eddy
thinks the 1000-miles limit will be
more than doubled. Major Baden-
Powell fastens one kite to the back of
another when flying the kites tandem,
but Mr. Eddy says that the improved
system of fastening radiating lines to
a main line the safety will be greater
than one kite, because if one kite gives
out the others will sustain the appa-
ratus.

Killed His Mother and Himself.

Upper Sandusky, O., Dec. 13.—Mrs.
Valentine Winebaker was found lying
in a pool of blood at her home Thurs-
day and beside her was a bloody poker.
She was unconscious and cannot re-
cover. Her son, Jacob, who lives with
her, was seen to leave the house
early in the morning. The result of a
search was that his dead body was
found in a haymow with a bullet hole
in his temple. The revolver which he
had bought an hour before was also
found.

Whitecaps in Indiana.

New Albany, Ind., Dec. 13.—News
has reached this city of an outbreak of
whitecaps in Crawford county, near
English. During the past week Will-
iam Cunningham, a former justice of
the peace, Jesse Tyree and Miss Alice
Haycock, all of Sterling township,
have been taken out by a masked mob
and whipped with hickory switches. In
every case the back of the victim was
literally cut to pieces. The victims
were accused of immoral practices,
and had been warned to desist.

Hill Has Resigned.

New York, Dec. 13.—It is announced
that J. J. Hill has resigned from the
board of directors of the Northern
Pacific railroad. It was reported that
Mr. Hill's resignation had been con-
templated for some time and that it
proceeded from a desire to resig-
